

ISAIR 2017

Kitakyushu, Japan

25-26 Nov., 2017

The 2nd International Symposium on Artificial Intelligence and Robotics

Honorary Chairs

Seiichi Serikawa

Kyushu Institute of Technology, Japan

Manu Malek

Stevens Institute of Technology, USA

Kuan-Ching Li

Providence University, Taiwan

Junwu Zhu

Yangzhou University, China

Wen-Yuan Chen

National Chin-Yi University of Technology, Taiwan

General Chair

Hyoungseop Kim

Kyushu Institute of Technology, Japan

General Co-Chairs

Huimin Lu

Kyushu Institute of Technology, Japan

Shenglin Mu

Ehime University, Japan

Joze Guna

University of Ljubljana, Slovenia

Program Co-Chairs

Yin Zhang

Zhongnan University of Economics & Law, China

Zongyuan Ge

IBM Inc., Australia

Finance Chair

Yujie Li

Yangzhou University, China

TPC Chairs

Xing Xu

University of Electronic and Technology of China

Li He

Qualcomm Inc., USA

Yudong Zhang

Nanjing Normal University, China

Quan Zhou

Nanjing University of Posts & Telecoms, China

Tongwei Ren

Nanjing University, China

Shota Nakashima

Yamaguchi University, Japan

Guangxu Li

Tianjin Polytechnic University, China

Rushi Lan

University of Macau, Macau

Dong Wang

Dalian University of Technology, China

“Future Artificial Intelligence for Robotics”

The integration of artificial intelligence and robotic technologies has become a topic of increasing interest for both researchers and developers from academic fields and industries worldwide. It is foreseeable that artificial intelligence will be the main approach of the next generation of robotic research. The explosive number of artificial intelligence algorithms and increasing computational power of computers has significantly extended the number of potential applications for robotic technologies. It has also brought new challenges to the artificial intelligence community. The aim of this symposium is to provide a platform for young researchers to share up-to-date scientific achievements in this field.

We invite original contributions on all topics related to Artificial Intelligence, Computer Vision, Multimedia and Robotics, including, but not limited to:

- Audio Multimedia Learning
- Cross Multimedia Learning
- Cloud Multimedia Processing for Robotics
- Deep Learning for Robot Vision
- HPC GPUs for Deep Learning
- Multimedia for Robot Control
- Multimedia for Robot Navigation
- Multimedia Fusion for Robotics
- Multimedia Communications for Robots
- Multimedia Compression for Robots
- Intelligent and Learning Control
- Robotics and Mechatronics
- Robust and Nonlinear Control
- Biomedical Control Systems
- Robotic System Modeling and Simulation
- Machine Learning
- User Experience for Multimedia Systems
- Wireless Multimedia Robots
- 3D Scene Reconstruction
- RGB-D Vision
- Pattern Recognition and Machine Vision
- Computational Imaging
- Object Tracking
- Deep Learning for Computer Vision
- Big Data for Networks
- Computer Vision for Ocean Observing
- Vision-based Robotic Manipulation
- AI-based Vision Sensors
- Medical Imaging
- Acoustic Sensors
- Sensor Networks
- Tactile Sensors

PAPER SUBMISSION, PUBLICATIONS AND INDEXATION

Each submission should be regarded as an undertaking that, should the submission be accepted, at least one of the authors must register the paper and attend the conference to present the work in order for the accepted paper to be submitted into the EI or Scopus.

Template: <https://shinoceanland.com/conference/isair2017/>

Submission site: <https://easychair.org/conferences/?conf=isair2017>

All of the accepted papers will be recommended to special issues in sustainability-related EI or SCI indexed journals, such as:

Computers & Electrical Engineering (SCI, IF=1.084)

IEEE Access Journal (SCI, IF=1.270)

Multimedia Tools and Applications (SCI, IF=1.331)

ACM/Springer Mobile Networks and Applications (SCI, IF=1.538)

Optics and Laser Technology (SCI, IF=1.897)

IMPORTANT DEADLINES

Full paper submission..... **July 01, 2017**

Notification of paper acceptance..... August 01, 2017

Registration & final paper submission..... August 15, 2017
